Baloise Session 2023 – Encounters in Basel

Thrilling hip-hop from Die Fantastischen Vier and Steff la Cheffe. Tales of everyday life sung by storytellers Passenger and Freya Ridings. Electronic symphonies with cult DJ Fritz Kalkbrenner and France's «electro-Mozart» Worakls and his orchestra. Bombastic British pop diva Jessie J, with Swiss newcomer Dana as the opening act. International stars like Norah Jones, Ellie Goulding and Asaf Avidan, who create unique moods with their extraordinary voices. A trip down memory lane to the golden 1980s with top producer Dave Stewart of the Eurythmics and the reggae cult band UB40. A soul moment with Joss Stone. Surprising musical innovators such as Troubas Kater, GoGo Penguin and Gentleman. And to round things off with a bang, some fiery guitar-playing from Noel Gallagher, the front man of cult band Oasis, and Richard Hawley, a British all-round guitarist. From 21 October to 9 November all of the above – and more! Get together at the Baloise Session with people from all walks of life who listen to them, dance and rock with them. «When everyone unites at concerts in a magical get-together on a concert evening in our unique club-like setting, the power of music comes alive», says Beatrice Stirnimann, CEO of the Baloise Session.
